RE: **AHERA Architect's Statement**

Dear Nate,

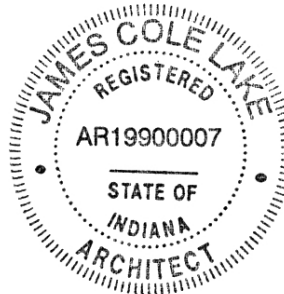

This letter is to certify that no Asbestos-Containing Building Materials (ACBM) have been specified, or included in any construction document, or permitted for use by the Architect or any member of the Architect's design team in any areas of new construction, renovation, or elsewhere within the scope of work of the entire above-referenced project.

This is in compliance with the requirements of the Asbestos Hazard Emergency Response Act (AHERA), the United States Environmental Protection Agency (EPA), and our internal design standards of best practice.

Please contact me if you need anything further.

Sincerely,

Jamie Lake, AIA, RID, NCARB, CSI
Architect, President, CEO

Enclosed: none
