

Powering potential.™

Dear **GREATER CLARK** Families,

New friends, new routines... and lots of growing to do! As your school's nutrition partner, we're here to power potential in every young learner—starting with tasty, balanced meals served with care. Each meal, designed with student feedback in mind, also exceeds USDA guidelines for whole grains, limited sodium, sugar and fat, fueling student potential all day. Here's what to expect in the cafeteria this year:

Menus Made for Kids

Good nutrition helps children focus, grow and thrive in and out of the classroom. That's why every tray we serve is more than a meal. It is part of something bigger: POWERING POTENTIAL, one bite at a time.
